On Line Phone Book-<http://www.realpageslive.com>

You probably have heard that question asked at one time or another and you may have wondered about it yourself. It is a legitimate question. A lot of people, including many to whom the Chamber is very important, have no real concept of exactly what a Chamber of Commerce is, how it works, or what it is for. For example, there are those who believe that the Chamber prints nice brochures, answers inquiries and advertises what a great place we have to visit, live, work and enjoy the good life. They are right, up to a point. We do all these things, and proudly so. All of these jobs are important. But they are not the only reasons the Chamber is here. Those are the things we do as a matter of routine because they need doing.

The functions of the Chamber, though, go far deeper; the Chamber of Commerce is a catalyst...a common vehicle through which the enlightened mutual interests of all segments of the business community work together for the common good of the total community. A better community means better business and we are working for a better community for everyone here. That's why we do what we do. The Board is composed of local business leaders who volunteer their time and energies to make sure that the many and varied programs of the Chamber are carried out. I make the point that they are volunteers. In order to carry out the major programs of the Chamber, a volunteer system of committees is also organized.

Most of the members of the Chamber are retailers, professional individuals, real estate brokers, service providers, banks, restaurants, etc. in the Anthony area. We have a dues structure based on number of employees. We respect our members' investment and in turn our members support the Chamber's programs every year because they believe in what is being accomplished.

The major benefit of membership in the Anthony Chamber of Commerce is that the Chamber acts as the unified voice of area businesses. We maintain our vitality because our members want to get involved in matters which concern the economic well-being of the area.

Just stop and think and look around and see all the good things that have happened in the last 12 months and realize that there has been a lot of work by a lot of dedicated people behind every accomplishment. This begs the question: who is the "we" that does all this? "We" are "you", the people of the community and all your business neighbors who are members of the Anthony Chamber of Commerce. The "we" and "you" provide the ideas, the drive, the goals, the funds and the voluntary service to keep the Chamber going!

The following are some of the programs and activities the Anthony Chamber of Commerce participates in by furnishing the leadership, staff, volunteers and funds to achieve success.

- 100th Annual Meeting & Awards
- Shopping Anthony Monthly Flyer
